Oak Park, MI 48239

To Whom It May Concern:

This past week, we had two patio doors installed in our house. We are very pleased with your product but more impressed with your installer, Don White. Don White did a very professional job. He was friendly, efficient and did an excellent installation job in a timely fashion.

In today's area of customer service, it was a pleasure to have Don in our house doing such an excellent job. We just wanted to commend your company on the type of worker you employ. Thank you and Don again.

Cordially,

Tom & Ruth Beier
