

To Whom this may concern:

I am writing to thank Don White and his assistant for a job well done. We were scheduled to have our windows installed on March 22, 2008. The original installer called at 8:00 am Saturday to cancel. After a few phone calls to Luke and Aubie we were told that Don would be here at noon that day. He and his assistant showed up on time and had the job completed in a few hours. They were friendly and professional. And left the house clean, as well as outside. I would highly recommend them to others and if have need in the future, I would ask for them to do any work needed. Thanks to them again,

Sincerely,  
Stephanie + Doug Huntley
