

Thank You!!!

To the young men who installed the windows at 18443 Meyers in Detroit. I just want to thank them for doing a lovely job on the windows. They were respectful, helpful, and cleaned up extremely well after their job. They reviewed to proper operation of the windows with me. They were polite and helpful beyond the call of their job responsibilities.

I just want them to know that we did not take their workmanship, politeness, and helpfulness for granted. We have worked with many workmen for many different kinds of jobs and have never been as satisfied as with this crew.

You all are appreciated.  
Kimberly Patterson & Aunt Shirley O'Hay
